

SAHEETH CHANDRA KUMMARI

kummarisaheethchandra@gmail.com | Hyderabad, TG, INDIA | +91 81860 59640

Career Objective

Enthusiastic and self-motivated fresher seeking an entry-level opportunity in the IT industry to apply my skills in programming, web development, and databases, while gaining practical experience and contributing to organizational growth.

Area of Expertise

- Web Development
- Data Structures & Algorithms
- Azure DevOps (Boards, Work Items, Sprint Planning)
- Python

EDUCATION

Bachelor of Technology in
Jojinapalli baskara Institute of Engineering and Technology (JBIET) with **7 CGPA.** April 2020 – Jun 2024

Board of Intermediate Education in
Sri Chaitanya Junior College with **84%.** April 2018 – Jun 2020

Board of Secondary Education in
St.Peters High School with **9 CGPA.** April 2017 – Jun 2018

Technical skills

- **Web Technologies:** HTML, CSS, JavaScript
- **Programming Languages:** OOPs, Python, C
- **Databases:** MySQL
- **Soft Skills:** Communication, Teamwork, Logical Thinking and Adaptability

Projects

1.INTELLIGENT FRAUD DETECTION FRAMEWORK - MULTIPARTICIPANT E-COMMERCE TRANSACTIONS:
Technologies used: Frontend: HTML, CSS, JS, Boot Strap Team size: 4
Backend: Node.js

Database: SQL

Description: This project is a dynamic and scalable e-commerce web application that supports multiple user roles customers, vendors, and administrators. It aims to simulate a real-world online marketplace where different participants can interact efficiently. Customers can explore products, place orders, and track deliveries. Vendors can register and manage their product listings, view orders, and monitor sales performance.

2.GSM BASED SMS ALERT FIRE ALARM SYSTEM USING ARDUINO:

Technologies used: Arduino Uno, GSM Module, Flame Sensor, Buzzer

Team size: 4

Backend: Arduino Programming

Description: This project is a fire detection system that uses a flame sensor to identify fire outbreaks. When fire is detected, the Arduino triggers a buzzer and sends an alert SMS to predefined mobile numbers using a GSM module, ensuring quick notification and safety.

Internships and Certifications

- Artificial Intelligence by JBIET
- Machine learning by Google

Core Competencies

- Skilled in Microsoft Office Suite with a typing speed of 62 WPM and 97.8% accuracy
- Effective in both collaborative team environments and independent work settings.
- Dedicated to aligning individual responsibilities with the broader organizational goals
